

DIVISION-BY-DIVISION SUMMARY OF APPROPRIATIONS PROVISIONS

Division A – Agriculture-Rural Development-FDA

The FY 2021 bill provides \$23.395 billion in discretionary funding, \$217 million above the FY 2020 enacted level. In addition, it provides the latest estimates for mandatory programs required by law.

Rural Broadband – The legislation invests more than \$730 million in the expansion of broadband service to provide economic development opportunities and improved education and healthcare services, including \$635 million for the ReConnect program, an increase of \$80 million over FY 2020. These significant investments in broadband reflect a commitment to enabling Americans in rural communities to access digital tools necessary to improve health, educational, and economic outcomes.

Food and Drug Administration (FDA) – The FDA receives a total of \$3.2 billion in discretionary funding in the bill, \$43 million above the 2020 enacted level. Total funding for the FDA, including user fees, is \$5.97 billion. Within this total, the Committee provides targeted increases for medical product and food safety activities, including new initiatives to advance new influenza vaccine manufacturing technologies and leverage emerging technologies to monitor food and medical product safety. Funding is also included to support the development of a framework for regulating CBD products, continue FDA’s efforts to enable faster responses to foodborne illness outbreaks, and increase the safety and cybersecurity of medical devices. In addition, the bill includes a strong focus on continuing FDA’s efforts to inspect foreign food and drug products. The bill also appropriates \$70 million to accelerate medical product development as authorized in the 21st Century Cures Act.
